

January 12, 1976

The second part is simply an attempt to clarify a possible problem before it develops. Land use regulations, I'm sure everyone would agree, includes zoning. Many people do not feel that it also includes subdivision regulations. I'm proposing that you eliminate land use provisions and make a clarification and say zoning and subdivision regulations. This enables the local jurisdiction, as it's now written, to meet its own ... or to levy its own land use regulations instead of some national code. I think we need this kind of local control. I just want to make sure that some attorney in the future, or some city administrator knows full well that it also covers subdivision regulations.

That's the purpose for these two amendments. If there are any questions, I'll attempt to answer them.

SENATOR SIMPSON: Further discussion on the Bereuter amendment? Senator Kennedy.

SENATOR KENNEDY: Mr. President, fellow members. Just very briefly I would support Senator Bereuter. That was the intent of the bill, I'm sure, originally. That will very definitely give the local people the opportunity to use their land codes that they already have. Thank you.

SENATOR SIMPSON: Any further discussion? If not, Senator Bereuter you wish to close on that amendment? No closing. This is the second Bereuter amendment to the committee amendments. All in favor say aye, opposed say nay. They are adopted.

CLERK: Now, Mr. President, there is pending the basic committee amendments offered by Senator Kennedy's Public Health Committee as has now been amended by the two amendments.

SENATOR SIMPSON: Alright, Senator Kennedy.

SENATOR KENNEDY: I would then move that the committee amendments, with the two amendments of Senator Bereuter that have just been adopted, be adopted by the Legislature. I would ask for the adoption of the committee amendments as amended.

SENATOR SIMPSON: Any discussion? If not, the motion is to adopt. All those in favor vote aye, those opposed vote nay. Voting aye.

CLERK: Senator Simpson voting aye.

SENATOR SIMPSON: Clerk will record.

CLERK: 26 ayes, 5 nays.
